

GREAT NEIGHBORHOOD HOMES

CUSTOM HOMES | RENOVATIONS | INTERIOR DESIGN

Timeless design *that fits the neighborhood.*

As a specialty design-build firm, we build custom homes, do major renovations and provide premium interior design services. Truly one-stop shopping!

We know how to maximize the value of your investment and take the time to make sure every dollar is well spent. As a result, our homes have a higher level of finish, lower overall cost, and better resale than other new homes. We also understand the nuances of the Edina neighborhoods and are able to match our clients with the perfect location for their home.

Take the GNH Driving Tour

Use the map to check out some of the other homes in the area that were built by Great Neighborhood Homes. We take great pride in finding the right location and creating a style that integrates seamlessly into the neighborhood.
